WELCOME ON BOARD

Aer Lingus is delighted to welcome you on board. The flight crew will do everything possible to ensure that you enjoy your trip, so please don't hesitate to ask them for assistance or advice.

1

We would ask you to pay attention while the cabin crew demonstrate the use of the safety equipment before take-off, and to read the safety instruction card which is in the seat pocket in front of you.

2

These must be fastened during take-off and landing, and whenever the 'Fasten Seat Belts' sign is switched on. We recommend that you keep your seat belt loosely fastened throughout the flight.

3

It must be in the upright position during take-off and landing but can be reclined by pressing the large button in the armrest. Other buttons (in the armrest or above your head, depending on the aircraft) may be used to operate your reading light and air vent, or to call a cabin attendant.

4

They may interfere with aircraft equipment, creating a potentially hazardous /niebezpieczny/ situation. With safety as a top priority, Aer Lingus requests passengers to read this section with extra care.

5

In response to passenger preference, all Aer Lingus scheduled flights are smoke-free. Smoking is not permitted in any part of the aircraft at any time.

6

In addition to our in-flight catering, there is a duty-free bar service on most international flights. An extensive range of duty-free perfumes, cigarettes, fashion and gift items at attractive prices is also available. For details, see the separate brochure in your seat pocket.

7

Our reputation as 'the friendly airline' owes something to the fact that we make a special effort to make children feel at home on board Aer Lingus flights. Babies' bottles can be heated on board (and remember that the sucking action of feeding helps to counteract any earache that may be caused by

changes in pressure during take-off and landing). On longer flights we carry some baby food and spare nappies. Older children will receive travel packs.

8	
---	--

On transatlantic flights we offer an extensive viewing and listening programme. For full details turn to the back of this brochure.

We hope you have a comfortable and pleasant flight – and thank you for choosing to fly with Aer Lingus.

TRAVEL GAMES

Long car journey can be pretty boring – especially if you are using motorways. Before too long everyone is fighting over what cassette to put on or what radio station to listen to. One way to get over this problem is to play some kind of game as you are driving along. The following game might be just the thing when you simply want to have some fun.

I WENT ON A TRIP

One player begins, 'I went on a trip and took a fishing net.' The next player says, 'I went on a trip and took a fishing net and my bowler hat.' The next in turn says, 'I went on a trip and took a fishing net, my bowler hat and a bucket and spade.'

The game continues until one of the players forgets something on the list. Start again with a new list.

1 Which is TRUE about the game?

- A It would be best for people who enjoy guessing games.
- B It could only be played if you were travelling by car.
- C It involves listening very carefully.
